The feat of sending twelve messages simultaneously over a single wire was recently accomplished in Paris.

The Hoang-Ho river in China is a terror when it gets its back up. Between 1851 and 1856 it went out of its banks several times hunting people and drowned between 30,000,000 and 40,000,000.

At the rate at which Paris hash house keepers are running up their charges for the Exposition visitors, Americans going to visit the show had better take their boarding houses along unless they own a national bank or two.

That Baltimore "human ostrich" from which the surgeons dug out about half a bushel of junk, consisting of nails, screws, knife blades, glass, pins, needles, etc., has survived the operation and promises to continue surviving. But he will go out of the junk business.

Prof. Schurman, ex-President of the Philippine Commission, says the Filipinos don't want independence. Maybe he knows what they want batter than they do themselves. If they don't want independence what in thunder are they fighting for? Surely they are not getting any fun out of it.

Uncle Paul Kruger says he has two hundred relatives in the Boer army and he would see them all shot before he will knuckle to the Britons. Artemus Ward once felt so patriotic during the war between the States that he was willing to sacrifice all of his wife's relations. But Oom Paul isn't a joker.

Ten years ago we exported to Europe 24,000,000 bushels of corn. Last year we exported 209,000,000 bushels, and it is estimated 250,000,000 bushels will go this year. This shows that the Europeans are beginning to catch on to the true inwardness of our corn. They are beginning to show a partiality for it in liquid form, too.

The Indianapolis *News*, Republican, in ex-President Harrison's town, rises to declare emphatically that the people and papers of Indiana have no idea of letting up in the fight against the Porto Rican infamy. Perhaps they are keeping this thing up to bring to the front Mr. Harrison, who has taken occasion to make remarks of disapproval on the infamy.

The Cleveland *Leader*, Rep., published in Mark Hanna's town, quotes Congressman Payne, of Wisconsin, as saying that the Republicans would make prosperity the issue in the next campaign. They would like to do that and dodge some of the issues. But they will not be permitted to make the issues nor to monopolize the prosperity business. The issues are already made.

CAPT. JOHN COWAN.

Died Yesterday Afternoon at His Home on Chesnut Street, This City.

WAS A PROMINENT CITIZEN.

Member of Third North Carolina Regiment and for Over Twenty Years Clerk of the City Board of Audit and Finance.

Capt. John Cowan, one of Wilmington's most esteemed, cultured and highly respected citizens, is dead.

The end came peacefully yesterday afternoon at five minutes past five o'clock at his residence, No. 314 Chesnut street after a lingering illness of several months with a complication of diseases and while it was thought for a time that he would survive the last attack of those dreadful ailments that were preying upon his life, it was known that sooner or later he must succumb to the fatal diseases that were fastened upon his constitution, and his sorrowing relatives and numerous friends for this reason were prepared in a measure for the shock, which came in the announcement of his death yesterday afternoon.

Capt. Cowan was a son of the lamented Robert H. and Mrs. Sallie Stone Cowan, who have long since entered into rest. He was born at the Summer residence of his parents on Wrightsville Sound September 9th, 1842, and was therefore in the fifty-eighth year of his age. He has been a life long resident of Wilmington and was universally esteemed for his superior knowledge, undaunted courage, brilliant intellect and those other cardinal virtues which go to make up the whole man. Twenty-two years in the service of his municipality in the capacity of clerk to the Board of Audit and Finance, one of the most important positions in the city government, the public had ample opportunity to judge of and recognize those sterling traits of character and fidelity to trust which have been in evidence in marked degree during his career through life. As a soldier, there are yet surviving brave sons of the Confederacy who remark with satisfaction upon his admirable bearing in those times which tried men's souls and brought to the observance of associates hidden jewels of strong character and study traits not seen in the calmer moments of ordinary life. Devoted husband, kind father and affectionate brother, the life of the deceased is one exemplary and well worthy of emulation.

Capt. Cowan was prepared for college at Horner's Military School and had the distinction of being the first student to enter this well known institution from Wilmington. Later, in July, 1857, he entered the University of North Carolina, and it was while there that he acquired those scholarly attainments that made him a leader among men in after years. He had begun at the University a preparation for the legal profession, which was interrupted by the stormy scenes just prior to the civil war. Returning to his home he entered as a private in the Wilmington Rifle Guards, which with the Wilmington Light Infantry and German Volunteers were ordered by Governor Ellis to take charge of Fort Caswell. These three companies were subsequently assigned to the Eighteenth North Carolina Regiment. After several months of service there, the soldierly traits and capabilities to lead, were recognized in the young volunteer and Capt. Cowan received the appointment of Second Lieutenant in Company D, Third N. C. Regiment, which was then stationed on the Potomac river in Virginia. Just before the Seven Days fights around Richmond, he was taken sick and had to be sent home. He returned to his command after the Sharpsburg battle in September, 1862, when he was promoted to the office of First Lieutenant made vacant by the death of Capt. Edward Meares, who was killed in battle. From this time Capt. Cowan saw active service as First Lieutenant at Fredericksburg and Chancellorsville. Upon the death of Capt. J. F. S. VanBokkelen he was promoted to the rank of Captain, in which position he gained an enviable record for skill, bravery and ability to lead. He next saw service at Jordan Springs near Winchester and at the memorable battle of Gettysburg Capt. Cowan with thirty of his company performed the extraordinary feat of hold his position of 150 yards against the onslaughts of the enemy for an entire day until he was recalled. He also took an active part with his company in the battles of Bristow Station, Payne's Farm, Mine Run, Locust Grove and at Spottsylvania where he was captured in the "Horse Shoe" on May 12th, 1864, and was sent as a prisoner of war to Fort Deleware, from whence he was subsequently taken with four hundred men on a transport and imprisoned on Morris' Island in Charleston harbor under the fire of the Confederate guns. Afterwards he was remanded to Fort Delaware, where he remained as a prisoner until the close of the war.

Captain Cowan was one of the few surviving members of the famous Third North Carolina, and many of these with numerous friends called at the residence yesterday afternoon and last evening to tender sincerest condolences to the grief-stricken family.

After the conflict in which the South lost her fortune and cause, Captain Cowan was for some time railroad conductor on the Carolina Central, when it was built only as far as Lilesville, in Anson county. In October, 1868, he engaged with Capt. James L. Metts in the grocery business on Market street, under the firm name of Cowan & Metts. In 1871, upon the dissolution of the copartnership, Capt. Cowan became business manager of the *Wilmington Daily Journal*, which position he retained until 1874, when he received the appointment of clerk to the municipal court. In 1878 he was tendered the office of clerk of the Board of Audit and Finance in addition to his duties in the municipal court, which position he filled with marked ability until his death.

On December 16th, 1868, he was married to Miss Margaret Anderson Walker a daughter of the lamented Maj. Jno. Walker, and she survives him with two sons, Messrs. Robert H. and James H. Cowan, of this city. A little daughter, Mary Hill, died a number of years ago. Besides these relatives there are also surviving two brothers, Mr. D. S. Cowan, of Brinkley, N. C., Mr. Edward Dudley Cowan, of Canton, Miss., and one sister, Mrs. J. F. McRee, of Asheville, N. C., all of whom have been telegraphed for with Mr. James H. Cowan, who is travelling in advance of the Boston Star Concert Company, and who last night could not be located, no member of the family having his itinerary. It is believed, however, that he can be reached by telegraph to-day and will thus be enabled to reach the city in time for the funeral, the hour for which has not yet been announced.

Capt. Cowan was a consistent member of St. James Episcopal Church, from whence the funeral will be held. He was also a member of Cape Fear Camp No. 254, United Confederate Veterans, and Commander James I. Metts will call out the members for the purpose of attending the funeral in a body when the hour is announced. Deceased was also a member of Cape Fear Lodge I. O. O. F., and of the Heptasopha.

In the death of Capt. Cowan, the city has lost a devoted servant, his church a valued member and his family an affectionate husband and kind father. Many mourn his loss.

SUNDAY SCHOOL CONFERENCE

Will Permanently Organize Friday Evening, April 6th, at the Y. M. C. A. Interesting Programme.

The committee of arrangements consisting of Prof. E. O. Counts, Mr. C. H. Robinson, Dr. W. C. Galloway, Mr. W. J. Reaves and Prof. W. Catlett, have prepared a programme for the Inter-denominational Sunday School Conference at the Young Men's Christian Association and the date for the second event of this nature has been set for Friday evening, April 6th, in the auditorium of the Association building.

It is earnestly hoped and desired that all the pastors, superintendents, assistant superintendents, officers, teachers of the different denominational Sunday schools and all others interested, will be present, as it is proposed to make this one of the most interesting events in the Sunday school life of the city. At the meeting Prof. Catlett will preside and the conference will be permanently organized by the election of a president, two vice presidents, a secretary and treasurer and an executive committee of five members.

The music will be led by the First Presbyterian Church choir and it is expected that all who attend will bring a copy of Gospel Hymns Nos. 1 to 6, or the number they may have, and join in the singing.

The following is the programme as it has been arranged by the Committee:

Opening song by the choir and congregation.
Prayer by Rev. Milton A. Barber.
Topic for discussion—"The Sunday School Conference and Its Advantages"—led by Prof. E. O. Counts.
Short Talks Upon Different Subjects, by prominent Sunday school workers.
Solo, by Mrs. W. L. Latta.
Permanent Organization.
Closing Prayer, by Rev. John H. Hall.

Shipping Intelligence.

The Clyde steamship *Oneida* cleared yesterday afternoon for New York and passed out at Southport at 5:40 o'clock yesterday afternoon.

The schooner *Mecosta*, Capt. Stratton, lumber laden for San Domingo passed out at Southport yesterday afternoon at 4 o'clock.

The British steamship *Cairnross*, 950 tons, Capt. Harwick, arrived yesterday morning to Messrs. Alexander Sprunt & Son from Huelva, Spain, with a cargo of pyrites for the Virginia Carolina Chemical Company. She will probably clear from here in ballast unless she is chartered in the meantime.

Voters!

Pure Democracy! Qualification for office! And when to these are added special qualification in the way of medical and surgical training, there is no excuse for the failure of the voters of New Hanover county to turn out on Tuesday next and cast their ballots for the nomination of the logical and most competent candidate for coroner. The readers of the STAR cannot fail to recognize that we refer to Dr. W. F. Stokes. Do not consider it a small matter; but "drop by" and do your duty.

CAPT. JOHN BISSET.

One of the Oldest Employes of the Atlantic Coast Line and an Esteemed Citizen Died Yesterday Afternoon.

Capt. John Bisset, one of the oldest employes of the Atlantic Coast Line railway, and one of the most esteemed citizens of Wilmington, died yesterday afternoon at his home No. 513 North Third street, after a lingering illness of several months as a result of a stroke of paralysis, and his departure from this life will be mourned by a host of friends and relatives, whose long acquaintance with his sterling qualities has peculiarly endeared him to them.

Capt. Bisset was born in Dunfermline, Scotland, January 13th, 1826, and he was therefore in the 75th year of his age. In his native land he served his apprenticeship as a machinist and before coming to America in July, 1850, he was employed as engineer on the Edinboro and Glasgow railroad. Upon arriving in the United States he located at Concord, N. H., later removed to Detroit and Cincinnati, and still later came South and located at Wilmington, where he served during the war for three years as foreman of the old Clarendon Iron Works, which was engaged at that time in manufacturing cannon for the Confederacy. Later, Mr. Bisset expressed a desire to enter the blockade service, which was then being plied to considerable extent in these waters, and he was released from his duties in the iron works to become chief engineer of the blockade runner *Hauser* between Nassau and this port, which became famous for her daring feats and efficient service. While upon the steamer Capt. Bisset was taken prisoner by the Federals and sent to Philadelphia, where he remained until after the war, when he removed to Iowa. He returned to Wilmington in 1867 and was for a short while again engaged as foreman at the Clarendon Iron Works. In 1868 he took charge of the Atlantic Coast Line machine shops as foreman under Capt. Jno. F. Divine, and was very soon afterwards made Master Mechanic, which position he filled with credit to himself and to his employers until the time of his death.

Mr. Bisset was married in March, 1853, to Miss Kate Watts, of Cincinnati, and she now survives him, and has the sympathy of many friends in the sad bereavement which she is called upon to suffer. He is also survived by seven children, and to them is tendered the heartfelt condolences of a wide circle of friends. They are Miss Mary Bisset, Mrs. W. C. VonGlahn, Miss Jessie Bisset, Mrs. R. F. Warren, Mr. J. R. Bisset, a popular A. C. L. engineer, all of this city, and Messrs. J. E. and W. A. Bisset, A. C. L. machinists, of Rocky Mount. The late Lawrence Bisset, also an A. C. L. engineer, who was killed in an accident at the Front street sheds in this city in 1888, was also a son of the deceased.

Capt. Bisset is survived, in addition to those relatives mentioned, by two brothers, Capt. Thomas Bisset, of Florence, S. C., and Capt. Robert Bisset, of Creston, Iowa., both of whom were at his bedside at the time of the death, and one sister, Mrs. James Eckford, of Cleveland, Ohio.

The funeral will be held from St. Andrew's Presbyterian Church tomorrow morning at 10 o'clock and the interment will be in Oakdale cemetery.

Stroke of Paralysis.

The friends of Mr. James W. Monroe—and they are many—will hear with deep regret that he suffered a stroke of paralysis about 6:30 o'clock yesterday afternoon at his father's residence on Second street between Grace and Walnut. Mr. Monroe had a slight stroke last Thursday, rendering him temporarily speechless; but he seemed much better since and was at work the greater part of yesterday. His condition was thought to be serious last, night his entire right side being affected, and he was speechless, although it is thought he was conscious. Mr. Monroe has been for many years book keeper for Messrs. Jas. H. Chadbourn & Co., and is a member of quite a number of fraternal and social organizations.

The STAR joins Mr. Monroe's many friends in hoping for his speedy recovery.

Schubert Hall.

The regular recital by pupils of Miss Cannie Chasten's class was given yesterday afternoon at 4:30 o'clock in Schubert Hall. The following programme was rendered:

Nocturne Op. 9, No. 7, (Chopin) by Miss Marcella Shrier.
Norwegian Bridal Procession, (Grieg) by Miss Estelle May Muse.
Adagio from C sharp minor sonata, (Beethoven) by Miss Lucy Cole.
Cantique d' Amour, (Liszt) by Miss Carrie May VonGlahn.

The Cosmorama.

The rehearsal for the Cosmorama will take place at the Opera House Monday night at 7.45 o'clock. All participants should be in attendance. The public will not only be delightfully entertained next Friday night, but treated to a succession of surprises uniquely planned. Tickets are 50 cents, with no extra charge for reserved seats.

COMPRESS INCIDENT.

Populist Want to Make Political Capital of Trifling Occurrence in Wilmington.

THE FABRICATION EXPLODED.

Mayor Waddell Writes Significant Reply to Sheriff Wright of Richmond County in Reply to Certain Questions About Labor Conditions.

The following correspondence between Col. A. M. Waddell and Sheriff T. S. Wright, of Richmond county, is self explanatory:

ROCKINGHAM, March 23, 1900.

Hon. A. M. Waddell, Wilmington, N. C.:

DEAR SIR—A prominent Populist of this county has circulated the report that recently some forty or fifty white men employed at the compress in your city were discharged, and that negroes were substituted in their places; that the white men became aroused and abusive, and threatened trouble, and that you addressed the negroes and told them to stick to their jobs, that you as the Mayor of Wilmington, would look after them, and see that they were protected against the wrath of the mad whites.

The populist above referred to contrasted this act with your conduct before the last election and just following it, and gave it as an illustration of the Democratic attitude 'before and after taking' charge of affairs in Wilmington.

At this report is not calculated to do the Democracy any good, we will thank you to let us know: 1st, whether or not any number of white laborers in your city subsequently to the election of 1898 have been discharged and their places filled by negroes? 2nd, if so, whether or not you addressed them? and 3rd., the relative opportunity of the white laborer to obtain employment in the City of Wilmington during the fusion administration and your own.

Thanking you in advance for your kindness, and with high regard,

Yours very truly,
T. S. WRIGHT, Sheriff.

WILMINGTON, N. C., March 24.

Mr. T. S. Wright, Sheriff, Rockingham, N. C.:

DEAR SIR:—I have just received your letter, saying that a prominent Populist was circulating a report in your county that forty or fifty white men employed at the Compress here were discharged and negroes put in their places; that the white men got mad and threatened trouble, and that I addressed the negroes, and told them to stick to their jobs, and I would protect them against the wrath of the whites, etc., and thereupon you say "as this report is not calculated to do the Democracy any good we will thank you to let us know.

"First. Whether or not any numbers of white laborers in your city subsequent to the election in 1898 have been discharged from their places filled by negroes?

"Second. If so, whether or not you addressed them?

"Third. The relative opportunity of the white laborer to obtain employment in the city of Wilmington during the fusion administration and your own?"

I take pleasure in giving you plain answer to your questions.

(First) No white men were discharged from the Compress at all. In loading vessels negro stevedores are employed. At the upper Compress sometime ago there was a shortage of negro laborers, and as vessels were waiting to be loaded a number of stevedores were telegraphed for to Norfolk. They came and some negroes went in disguise and threatened them. They were alarmed and prepared to leave, and the proprietor of the compress asked protection for them. I took some police officers up there, had the negroes put in a line and told them they had committed no offence and should be protected as long as they behaved right. *No white man was concerned in it*, and we had no evidence against any one. It was jealousy on the part of negroes against other negroes. The Norfolk negroes stayed and that was the end of it. They loaded the vessel and then left here. This covers the first two questions.

(Third). The city does not control the labor market, but it is a notorious fact that white labor has superseded negro labor in employments of all kinds, and to an extent never before known here—in fact, it is one of the most marked features of the change here. The city employs no negroes, except in a rock quarry where there is much mud and water, and where white men will not work. Every white man who asked for work there, got it.

Let me say in conclusion that if only the Populists and Radicals tell lies on me this year, I would be very well satisfied, but it is rather soon in the campaign, even for them, to commence that business.

Yours, truly,
A. M. WADDELL.

P. S.—I give your letter and this reply to the press in justice to myself and the people of Wilmington.

Young White Man Arrested.

Wm. McDonald, a young white man employed as lineman by the Western Union Telegraph Company, was yesterday arrested by Policemen Brown and Skipper charged with severely wounding a young white girl employed as nurse by Mr. G. The young man denies the charge emphatically and was recognized for his appearance at the municipal court to morrow morning.

Low or medium degrees of myopia or short sight, generally known as "near sight," are seldom dangerous when the eyes are properly fitted with glasses. High degrees are both dangerous and progressive; cannot be wholly checked by the use of glasses, and when complicated with disease, weakened constitution or neglect, usually lead to partial or total blindness. SUNDAY MORNING, MARCH 25.

LAND-GRABBERS IN AFRICA.

The Baltimore *Sun* a few days ago contained an interesting letter from its Washington correspondent on the prospects of intervention by European powers in the war in South Africa, of which he sees little probability since, in his opinion, there may have been some sort of an understanding which will keep hands off until the racket closes and the Boers are overcome. The understanding with Germany and France, he seems to think, covers the seizure, without opposition, of territory which they desire. The understanding with Russia covers the acquisition of some port on the Persian gulf or on the coast of China, where Russia wants more ports and more territory. Speaking of the probable understanding between the great land-grabbers, the correspondent says:

"At the present moment Boer hopes of intervention by one or more of the great Euporean powers appear to be doomed to disappointment. But until the war is completely over the possibility of intervention remains.

"There is always something going on behind the scenes between the European diplomats, and though the British government may to day have strong assurances that no Continental government intends to interfere between it and its proclaimed purpose to destroy the two Dutch republics, it may, nevertheless, find itself called to account by a coalition of European Governments in the very hour of its final triumph. The longer it takes Lord Roberts to finish his campaign and enter Pretoria the more likely is such a coalition to be formed.

"The surface indications, indeed, justify the widely-spread belief that there already has been intervention of a diplomatic kind, the exact character of which is a secret which the world at large will learn later. The kind of intervention that, if none has already taken place, will almost surely occur at the close of the war may be reasonably anticipated. The Boers have little to hope from it, though Great Britain may have something to fear, unless she has forestalled the critical situation by secretly compromising with her competitors in the land grabbing business.

"It is regarded as unlikely that the German Emperor has taken up the decided attitude of unfriendliness to the Boers which his recent telegrams of congratulation to their enemies indicate without some previous understanding with the Queen's Government. And if the Czar of Russia has pledged himself not to embarrass Great Britain by any hostile movement in Asia or elsewhere until the South African war is ended, it is fair to assume that he also has a private understanding with Lord Salisbury by which he expects a fair compensation for keeping the fingers of Russia and her dear ally, France, out of the Transvaal pie.

"In short, the seemingly unanimous declination of the great powers to act upon President Kruger's appeal and the boastful confidence with which Lord Salisbury announces that he will allow no interference by any power raises a strong suspicion that there has been another of those secret bargains by which the great nations of Europe have so often agreed to balance the robbery of one weak nation by the spoliation of another. The partition of Poland was one of these infamous transactions. The spoliation of Denmark in 1864 as the result of a secret understanding between Austria and Prussia was another. All of Africa that has become European has been divided among the great powers upon the same principle of mutual plunder and division.

"Among the Continental people there no doubt is much of the same sincere and strong sympathy with the gallant Boers that is felt in this country—sympathy which naturally appeals to all men who, being free themselves, wish well to all other men who are struggling for freedom. But it would be a mistake not to distinguish between the popular sympathy of Europe for the Boers and the settled policies that control and move European governments. Those governments are one and all committed to the same imperialist programme of conquest and annexation at the expense of small independent States, of which programme Great Britain is for the moment the most conspicuous exponent.

"Especially is this true of them all, Russia excepted, on the continent of Africa. France holds 3,288,034 square miles of African territory, inhabited by over 39,000,000 people, all of them brought and held under her flag by her superior military force. Germany holds 930,760 square miles of African territory, inhabited by over 10,000,000 people, all of whom have had her rule forced upon her. Italy has not been so prosperous an African raider, but it is her misfortune, not her fault, that she has only seized 88,000 square miles of African land and "benevolently assimilated" less than 500,000 of African people. Russia is the only great power not represented in the conquest and partition of the Dark Continent, and her absence there is due wholly to the fact that her ambitions as a conqueror and subjugator of unwilling peoples are all centered in Asia.

"The objection of the great Euro-Governments to the British policy in Africa is not, therefore, one of principle, for they are all engaged in the same game of conquest and confiscation. What concerns them and arouses their hostility is that Great Britain has over-reached them in the game. As against their comparatively small seizures of African territory Great has already seized 2,417,755 square miles of it, inhabitated by 40,000,000 of subjugated people, not counting the Soudan, which she is evidently bent upon retaining, and which will put about 400,000 more square miles and nearly 7,000,000 more people under her flag. The conquest of the Transvaal and Orange Free State will add to her African area about 170,000 square miles and about 1,250,000 population."

The only strong Government in the world which was expected to take any interest in or show any sympathy for the Boers is this country, but this country was handicapped by the semi-alliance with Great Britain and by its war on the Filipinos, which bears such a striking resemblance to the war against the Boers, that this country could not well object to British aggressions against them without having its attention called to the Philippines, where we are making war upon and shooting down people for defending their own territory, just as the British are making upon and shooting Boers for defending their territory. As in the case of Cuba the sentiment and the sympathy of a large majority of the American people were with the Boers, forced to take up arms to defend their country against an arrogant and powerful foe, which was carrying out the schemes of a few men who had planned for the overthrow of the two Republics to get full control of the mining region and more political power. Just as the American people sympathize with the Boers, so the masses of the people outside of England sympathize them. Neither here nor on the other side of the sea does the course of the Governments accord with the sentiments of the people, for while the people are actuated by generous, chivalrous sentiments the Governments were actuated by selfish considerations.

We hear much and read much about "the nation's honor" in this and in other countries; it looms up conspicuously in official papers and in the speeches in legislative assemblies and in speeches before the people; but there is not in any language a more abused word, as used by Governments of nations, than this word "honor." There is no such thing among them; there isn't one of them that wouldn't utterly ignore it if by doing so it could gain its point in furthering its interest or in carrying out some cherished scheme.

The honorable man in conflict would scorn to take undue advantage of a foe, especially a weaker foe; but there isn't a nation in the world to-day which would not on slight provocation, if there were anything to be gained by it, pounce upon a weak nation, while it would use tons of stationery and months of talk in diplomatic palaver with a strong power to avert a conflict, where the "honor" of both might be involved. Honor is now an obsolete word, used by diplomats to cover up fraud, hypocrisy and schemes of plunder. No Government feels bound by it, or by promises based upon it, and hence Great Britain, notwithstanding tacit or spoken assurances or promises of non-interference in South Africa, may yet find herself confronted by combinations that may give her a good deal of trouble when they think the time opportune to show the ungloved hand. Hence the sooner the British wind up the business with the Boers the better it may be for them.

TILLMAN'S PITCHFORK.

Senator Tillman brandished his pitchfork in the Senate Friday and he jabbed it into the Porto Rican infamy perpetrators with all his might. There wasn't a charge that he made about their lying, hypocrisy, etc., that wasn't true, and not one of them dared to frankly answer the questions he asked and for which he paused for a reply. He asked whether President McKinley, (who less that four months ago, declared in his message that is was our "plain duty" to give free trade to Porto Rico) now believed in free trade for Porto Rico, and the silence was as dense as a fog. No one of the President's friends ventured to say whether he was for free trade or not.

When he asked Senator Foraker, who is engineering the bill taxing the Porto Ricans, he made an evasive reply, although there was no reason why he should evade an answer since his speeches have put him on record as a tariff-defender.

Senator Beveridge, if asked, might have replied that he believed in free trade for Porto Rico, not as a "plain duty" but as a gratuity; but it never occurred to him to suggest even that kind of free trade until he heard the howl of indignation from his constituents in Indiana.

The pitchfork may not be a very ornamental kind of weapon in such a "dignified" body, but it proves very effective sometimes, and in the hands of a lusty wielder like Senator Tillman gets in its work splendidly.

It is female mosquito which does the biting. As she doesn't bite because she is hungry, it must be from sheer meanness.

No Right To Ugliness.

The woman who is lovely in face, form and temper will always find friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at R. R. BELLAMY's drug store. †

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

A GREAT ENEMY MAKER.

Dispatches from Porto Rico published yesterday, describe the condition of that island as becoming very turbulent, as the result of our dallying with the tariff question, our breach of faith, and the distress caused by the hurricane that swept over the island some months ago. The feeling in Ponce, where public meetings have been held, showed a growing hatred of the Americans, a hatred which it is predicted it will take a long time to remove. This hatred is not confined to the Government, but extends to the individual American, which of course will make living on the island somewhat unpleasant to Americans who may be their or may go there. And these are people who welcomed our army with joyous aclaim and shouted themselves hoarse when the American flag was flung to the breeze over them. Can they be blamed in view of the utter ignomy of our solemn promises to them?

Admiral Dewey sailed into the Bay of Manila and the boom of his guns brought joy to the hearts of ten millions of Filipinos, every one of whom, who had heard anything about it, believed and trusted this country as their friend, and they so continued to believe until we began to break our promises with them and finally took a base advantage by buying the islands from Spain and claiming supremacy by virtue of the bargain. Then they saw through the perfidy that under the guise of friendship would rob them of their country. Now the people who held us as friends, meet us as enemies and hate us as betrayers.

SPIRITS TURPENTINE.

— Winston *Journal*: Mr. W. S. McDuffie, manager of the stock exchange at Concord, lost his voice on Saturday and has not been able to speak since. Cigarette smoking is supposed to be the cause.

—Wadesboro *Messenger-Intelligencer*: The machinery of the Pee Dee Hardwood Manufacturing Company, located at McFarlan, was started Tuesday. The company is now making shuttle blocks, but will soon also manufacture spokes, handles, &c.

— Raleigh *News and Observer*: Reports which have reached the Agricultural Department recently, show that the movement of fertilizers from the manufacturers has to a large extent ceased, but that the greatest activity exists between the country merchant and the farmers. Farm work is just now somewhat behind, which is due to the weather, it having been so rainy there has been difficulty in preparing the soil for the crops.

— Smithfield *Herald*: The permanent organization of the Smithfield Cotton Mills has been perfected. The board of directors of the concern are safe and representative business men of our county, and their names and connection with the enterprise constitute a guarantee of the complete success of the undertaking. —— We are informed that a canning factory will be started here in the near future. It is backed by people who mean business, and it will occasion a great demand for fruits and vegetables.

— Whiteville *News*: We regret to announce the death of Mrs. Mattilla Powell, wife of Mr. Napoleon Powell, which sad event occurred at her home, in Bogue township, March 15th. —— With much regret we chronicle in this issue the death of Mr. Hall Chauncey, which occurred at the home of his father, in Lake Waccamaw township, on Wednesday, the 21st inst. Mr. Chauncey was just recovering from an attack of typhoid fever and was thought to be doing well, when, inflammation of the brain set in, which caused his death.

—Sanford *Express*: At Mt. Vernon Springs, a few days ago, a man came near ending his existence in a peculiar manner. He was cleaning out a spring, which is walled with granite, and after dipping the water out, he crawled in to secure a razer and a pocketknife which had been dropped into the spring by a guest. The opening was barely large enough to admit his body, and when he attempted to back out he found himself imprisoned, head downward. The water began to rise. And realizing his danger, he called loudly for help. Several persons came to his assistance but were unable to extricate him until after he had become unconscious. After working with him for some time he was resuscitated.

SUNDAY SELECTIONS.

— The whole of a Christian's life is an education for heaven.—*Richard Fuller.*

— Many a man's tongue shakes out his master's undoing—*Shakespeare.*

—What we lack is not more talents but more purpose with those we have.

— Weak men are crushed by detraction, but the brave hold on and succeed.—*Bovee.*

—Words are like leaves, and where they most abound much fruit of sense beneath is rarely found.—*Pope.*

— Dost thou love life? Then do not squander time, for that is the stuff life is made of.—*Benj. Franklin.*

— The hours we pass with happy prospects in view are more pleasing than those crowded with fruition.—*Goldsmith.*

—You will find yourself refreshed by the presence of cheerful people. Why not make earnest efforts to confer that pleasure on others?—*Lydia Maria Child.*

— A polite man is one who listens with interest to things he knows all about when they are told him by a person who knows nothing about them.—*Dr. Morny.*

—It is often better to have a great deal of harm happen to one than a little; a great deal may rouse you to remove what a little will only accustom you to endure.—*Greville.*

— Lenity will operate with greater force, in some instances, than rigor. It is, therefore, my first wish to have my whole conduct distinguished by it. —*George Washington.*

— We never know through what divine mysteries of compensation the great Father of the universe may be carrying out His sublime plan, but the words, "God is love" ought to contain to every doubting soul the solution of all things.

— The world does not need more faith so much as it does to have the faith already at hand better placed. If, for example, we could turn the faith we have in the power of money into faith in the power of God, we would have all the faith needed to subdue the world to Christ.

Love is the corner-stone of a woman's life. She builds all her hopes upon and around those tender affections which she cherishes toward the ones who are dear to her, and which she looks to receive from them in return.

This is woman's nature; it is the God-given instinct that makes her a fond and tender sweetheart; a comforting, helpful wife; an ever-loving, solicitous, care-taking mother.

When a woman feels that the responsibilities and duties of wifehood and motherhood have become irksome to her—a burden and trouble rather than a source of uplifting and inspiration—it shows that there is some deficiency in her physical make-up; some abnormal and unhealthy condition of the delicate and important special structure of womanhood.

Many thousands of women annually write to Dr. R. V. Pierce, of Buffalo, N. Y., the eminent specialist in women's diseases requesting professional advice—which he is always glad to send without charge—and telling him of the marvelous benefits they have received from his wonderful "Favorite Prescription" in building up their special health and physical energy.

"I would like to express my gratitude to you for the benefit I have received from your wonderful 'Favorite Prescription,'" writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. "During the first month of pregnancy I could not keep anything on my stomach. I was so sick that I had to go to bed and stay for weeks.

"I tried different doctors, but with little benefit. I read about many being helped by using your medicine so I thought I would give it a trial. I began to take 'Favorite Prescription' in November and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only in hard labor about one hour and got along nicely during confinement; was up and dressed on the eighth day.

"The 'Favorite Prescription' helped me wonderfully. It kept me from having a miscarriage. This makes my second child; with the first one I did not take 'Favorite Prescription' and I had a miscarriage. This last baby is as plump and healthy as any mother could wish."

LUCK.

The boy who's always wishing
  That this or that might be,
But never tries his mettle,
  Is the boy that's bound to see
His plans all come to a failure,
  His hopes end in defeat;
For that's what comes when wishing
  And working fail to meet.

The boy who wishes this thing
  Or that thing with a will
That spurs him on to action,
  And keeps him trying still.
When effort meets with failure,
  Will some day surely win;
For he works out what he wishes,
  And that's where "luck" comes in!

The "luck" that I believe in
  Is that which comes with work,
And no one ever finds it
  Who's content to wish and shirk.
The men the world calls "lucky"
  Will tell you, every one,
That success comes by not wishing,
  But by hard work, bravely done.
—*Congregationalist.*

CURRENT COMMENT.

—— Senator Morgan thinks that the Philippines will be a desirable future home for many colored people of the South. In advocating this benevolent scheme of colonization the Alabama Senator appears to overlook the fact that the Philippines already teem with populations that would not be apt to give the negroes of the South a very cordial welcome.——*Philadelphia Record, Dem.*

——According to Bishop Hurst, President McKinley is to teach law in the American University in Washington when he leaves the Presidency. Some time ago he was made a doctor of laws by some college, and his course since then on various measures of important shows why. Take Porto Rico as a sample, and you can see that what he don't know about the doctoring of laws is hardly worth knowing.—*Brooklyn Citizen, Dem.*

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected soon to die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, March 24.—The cotton market opened steady, with prices six to ten points higher on near months and three to five points higher on the far months, this being a not altogether favorable response to a formidable array of bullish influences. The latter comprised strong Liverpool cables, a bullish review by the *Chronicle*, a wet weather map, rumors of firmness in Southern markets and a goodly number of foreign buying orders. Shorts became frightened on the call and purchased the present crop deliveries hastily. But the offerings of long cotton from outside sources proved larger than bears had calculated upon and prices subsequently dropped back several points. Sentiment was sadly mixed with the confusion in this respect increased by conflicting testimony from the belt concerning the present standing of field work in general and Texas in particular. The crop movement was light with indications pointing to a steadily dwindling of arrivals at the ports as well as the interior towns the coming week. The market for futures closed barely steady with prices net 1 to 5 points lower.

A NOTED TAMMANY LEADER'S WORDS ABOUT PERUNA, THE IDEAL SPRING REMEDY.

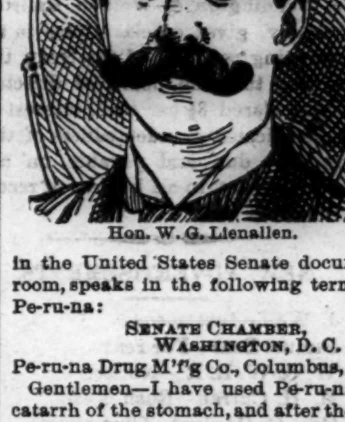

CONGRESSMAN AMOS J. CUMMINGS, OF NEW YORK.

NEW YORK, Oct. 11th, 1898.
Pe-ru-na Drug M'f'g Co., Columbus, O.:

Gentlemen—Pe-ru-na is good for catarrh. I have tried it and know it. It relieved me immensely on my trip to Cuba, and I always have a bottle in reserve. Since my return I have not suffered from catarrh, but if I do I shall use Pe-ru-na again. Meantime you might send me another bottle.

Yours, Amos J. Cummings, M. C.

Hon. W. G. Lienallen, a prominent politician of Moscow, Idaho, and a clerk

Hon. W. G. Lienallen.

in the United States Senate document room, speaks in the following terms of Pe-ru-na:

SENATE CHAMBER,
WASHINGTON, D. C.

Pe-ru-na Drug M'f'g Co., Columbus, O.:

Gentlemen—I have used Pe-ru-na for catarrh of the stomach, and after the use of one bottle I felt very much relieved. I had suffered for months before I heard of Pe-ru-na and at the solicitation of a friend I was persuaded to use it and I feel very grateful. To those who are suffering with catarrh I respectfully recommend Pe-ru-na. Very respectfully yours, W. G. Lienallen.

J. R. Stuart, of Eastland, Texas, says: "I have purchased one bottle of Pe-ru-na, and it was used by myself and wife as a spring medicine. I consider it the best dollar's worth I ever bought. My wife has used your remedies with gratifying results.

Miss Ella Bough, of Gettysburg, Pa., in a letter written from Washington, D. C., says: "I have used Pe-ru-na and have found it to be a valuable and satisfactory remedy Previous to using it I suffered intensely with catarrh. I have now taken one bottle of your valuable remedy and all symptoms have disappeared. I am strong and healthy and cannot recommend your remedies too highly to all afflicted mankind. Ella Bough.

Miss Ella Bough.

Address in care of Ida Bough, Bureau of Engraving and Printing, Washington, D. C.

Register United States Treasury.

Hon. Judson W. Lyons, Register United States Treasury, says in speaking of Pe-ru-na: "I find Pe-ru-na to be an excellent remedy for the catarrhal affections of spring and summer, and those who suffer from depression from the heat of the summer will find no remedy equal to Pe-ru-na."

Mayor of Grand Rapids.

Hon. George G. Steketee, ex-Mayor of Grand Rapids, Mich., in a recent letter says:

Pe-ru-na Drug M'f'g Co., Columbus, O.:

Gentlemen—I desire to congratulate you on your well merited success with Pe-ru-na. It is highly spoken of by those who have used it as a remedy for catarrh and liver troubles. As a tonic and invigorator it is of high merit, and it pleases me always to speak well of it as it deserves praise.

Respectfully, George G. Steketee.

Pe-ru-na is an ideal spring remedy. It strengthens, quiets, it restores appetite, helps digestion, and builds up weak nerves. For free book address Dr. Hartman, Columbus, Ohio.

The Morning Star.

WILMINGTON, N. C.

SUNDAY MORNING, MARCH 25.

TWO MAGNIFICENT PLAYS.

"Why Smith Left Home" and "The Christian" Appear During This Week at the Opera House.

The offerings (mid-Lenten) tendered the theatre-goers of Wilmington during the present week—"Why Smith Left Home," Geo. H. Broadhurst's excruciatingly funny farce, on Tuesday evening, the 27th, and Hall Caine's celebrated dramatic version of "The Christian," which comes Wednesday evening, the 28th—are two of America's leading dramatic attractions, and the play-goers of this city are indeed fortunate in having such an opportunity to witness what many a city of triple the size scarcely has twice in a season.

"Why Smith Left Home."

George H. Broadhurst's latest farcical comedy, which has just closed a highly successful run at the Strand Theatre, London, is cleverly handled. Briefly, it is the trials of Smith, newly married, whose wife's relatives keep coming for visits until the head of the household is nearly driven to distraction. A domineering aunt-in-law, her put-upon husband, some stray male acquaintances of Smith's, a pretty maid who coyly yields $500 kisses, a spiteful spinster (handsomely fitted out with two suitors), a fond young bridal couple, and a red headed Hibernian cook manage to take such effectual and exuberant possession of the Smithsonian mansion that in real life Smith after such a day would have been obliged to wind up his affairs and retire to a sanitorium to recuperate. "Why Smith Left Home" is interpreted by the following clever people: Frank Tannehill, Jr., Lottie Williams Salter and a large supporting cast of prominent players.

The reserved seat sale is now open at Mund's Temple Pharmacy.

"The Christian."

An event of extraordinary dramatic interest, is the coming of the superb metropolitan attraction "The Christian," Wednesday evening 28th, presented under the same management as in the large Eastern and Northern cities—Messrs. Lieber and Company—with that delightful American actress, Miss Effie Ellsler in the charming role of "Glory Quale," and Mr. J. M. Colville, an actor of strong heroic ability, as "John Storm." As a Lenten attraction, surely nothing could possibly be more in accord with church observance than "The Christian"—wherein itself "Glory" chooses what to her is "The Crown of Thorns" when the chaplet of flowers looks the fairest.

The whole theme of the play, "The Christian," is the obligation which the author inferentialy contends professing christians are under, of putting literally into practice the instructions given by Jesus to his disciples; poverty and a life of help among the poor.

There are many persons who will contend that these things are merely humanity. There are others who will quote the text "By their works ye shall know them," and assert that voluntary poverty to help the poor is itself an evidence of religion.

To the first of these, it will seem that "The Christian," is without religion. To the second it will seem that it is fairly permated with religion.

The cast of "The Christian," as it will be seen here includes a list of over fifty plays of importance—in the stage world—every piece of scenery, state accessories and light effects carried by the company.

The reserved seat sale will open tomorrow (Monday) morning at Mund's Temple Pharmacy. Price will be $1.50 entire lower floor, $1. 75 and 50 cents for other parts of the house.

TO IMPROVE SHELTER RIVER.

Resolution Introduced by Representative Bellamy—Decision of the Court of Claims—Pension Granted.

[*Special Star Telegram.*]

WASHINGTON, D. C., March 24.—The Court of Claims to-day handed down a decree to Congress in the case of the sloop Beth, which sailed from Washington, N. C., on May 10, 1791, for the Barbadoes. She was seized by a French frigate and condemned as a prisoner and prize, the cargo and vessel becoming a total loss to the owner, Geo. Blankship, of Washington, N. C. The Court of Claims holds that his heirs are entitled to recover to the extent of $2,380, and recommend that Congress appropriate the same to satisfy the claim.

The Senate to-day passed a bill grantin a pension of $12 per month to Isabella Underwood, widow of the late Geo. W. Underwood, of Company F, Second N. C. infantry.

Representative Bellamy to day introduced a concurrent resolution directing the Secretary of War to estimate the cost of survey and improvement of Shelter river, in Pender county, North Carolina.

Next week a delegation of North Carolinians, interested in dairy and cotton seed products, will appear and give testimony before the Senate Committee on Agriculture in the matter of the pure food bill.

GOVERNMENT BILL FOR PORTO RICO.

Sent Back to Committee Upon Request of Senator Foraker of Ohio.

THE PORT RICO RELIEF BILL

Passed the House After a Spirited Debate. Now Goes to the President—Other Measures Considered—Bill for Memorial to Gen. Grant.

By Telegraph to the Morning Star.

WASHINGTON, March 24.—For a few minutes in the Senate to day surprise, bordering almost on consternation in some quarters, was created by a request of Senator Foraker that the Porto Rican government bill be recommitted to the Porto Rican committee. The request precipitated a lively colloquy, but it finally was developed that the bill Mr. Foraker wanted recommitted was the civil government measure now on the calendar, and not the unfinished business. During the elucidation of his request, however, Mr. Foraker plainly indicated that it was his purpose to separate the bills and press the Porto Rican tariff bill to an early vote, his desire being to have the vote taken not later than next Thursday.

Senator Bacon directed attention to dispatches from Ponce, in to-day's newspapers indicating that business was paralyzed and even people of means were suffering for the ordinary necessities of life.

Senator Foraker said he was already familiar with the information contained in the dispatches.

Senator Foraker stated that he expected to ask the Senate to separate the government measure and the tariff propositions in the unfinished business and hoped to secure a vote perhaps on Wednesday next, and certainly not later than Thursday.

After some further discussion the request of Senator Foraker that the bill be recommitted was agreed to by the Senate.

The following bills were passed:

To equalise and regulate the duties of the judges of the district courts of the United States; authorizing the President to appoint a commission to study and make full report upon the commercial and industrial conditions in China and Japan, with a view to the extension of American commerce, and appropriating $75,000,000 for the payment of the expenses of the commission.

The latter bill aroused some debate. Senator Berry registered his protest against the measure, his opinion being that two many commissions were being created.

Senator Cockrell, Missouri, opposed the measure and stated the position of the Senate minority on legislation. "I want it understood," he said, "and understood distinctly, that hereafter absolute responsibility must rest upon the Republican party for the passage of all resolutions and bills."

Senator Gallinger, New Hampshire, supported the bill, saying the President had strongly recommended the passage of the measure.

The resolutions were agreed to, and the Senate at 3:25 P. M. adjourned.

House of Representatives.

After a brief and spirited debate the House to-day took the last Congressional step in completing the Porto Rican relief bill, agreeing to the conference report by a vote of 135 to 87. The bill turns over to the President for the use of Porto Rico about $2,000,000 of customs receipts, collected on Porto Rico goods up to January 1st last, and such amounts as may hereafter accrue, until otherwise provided by law. The debate lasted but an hour, but in this time the whole range of Porto Rico legislation was discussed.

Mr. McRae, of Arkansas, a member of the conference committee, severely criticised the general course of recent legislation towards Porto Rico and Messrs. Pierce, Tennessee; Wilson, South Carolina; Cochran, Missouri; Cox, Tennessee; Williams, Illinois; Ridgeley, Kansas; Levy, New York, and Finley, South Carolina, also opposed the report.

Several of the speakers made references to a published report that the Porto Rico tariff bill was designed to secure a campaign fund. Mr. Payne, New York, chairman of the Ways and Means Committee, spoke briefly in support of the report and of the general course of Porto Rican legislation. He repudiated and denied the reports that any campaign fund was involved in the question.

Mr. Cannon, Illinois, closed the debate in support of the conference report.

At 1 o'clock a yea and nay vote was taken on the report, and it was agreed to—yeas 135, nays 87; present and not voting twenty.

This completes the measure and it now goes to the President. The vote was on party lines, except that a number of Democrats and independents voted with the Republicans for the report.

A bill was passed appropriating $10,000 for designs for a suitable memorial in Washington to U. S. Grant, this being the first step in a movement to secure an arch, similar to the arch of triumph in Paris, commemorating the illustrious soldier statesman.

A resolution was passed asking the Secretary of State for information on the open door negotiations concerning China.

The House then devoted itself to eulogies on the late Representative Epes, of Virginia. Resolutions of respect and eulogy on the deceased were passed, and at 3.05 P. M., as a further mark of respect, the House adjourned.

The weekly bank statement shows the following changes: Surplus reserve, increase $3,130,875; loans, decrease $12,560,700; specie, decrease $1,080,700; legal tenders, increase $670,000; deposits, decrease $13,966,300; circulation, increase $391,300. The banks now hold $5,817,300 in excess of the legal requirements of the 25 per cent. rule.

A DOUBLE LYNCHING AT EMPORIA, VA.

The Men Who Killed Sanders and Walton Taken from Jail and Hanged by a Mob—Military Withdrawn.

By Telegraph to the Morning Star.

RICHMOND, VA., March 24.—The reign of excitement in Greenesville county culminated to-day in a double lynching at Emporia. Both Cotton, the negro, who according to his own confession killed Sanders and Welton, and O'Grady, the white man who was with him in the cabin when the killing occurred, were hanged by an infuriated mob, variously estimated at from 1,500 to 2,000 strong.

This morning the sheriff of the county discharged from duty the military that had been sent from this city at his request, and Major Cutchins, in command of the troops, notified Governor Tyler, stating at the same time that he believed that if the prisoners were left unprotected by the military they would be lynched. The Governor replied as follows:

"The sole responsibility is on the sheriff. If he orders you to withdraw you can do nothing but obey. We have done everything possible to uphold the law and prevent mob violence, and are still prepared to render any aid necessary. Have recalled train with Captain Cheatwood's company and will again dismiss them. Will arrange with railroad to bring your men back."

Accordingly, Major Cutchins entrained his men and started for Richmond. This was about 11 o'clock. Hardly was the special out of sight when a mob entered the jail, took Cotton, hanged him to the limb of a tree and fired several bullets into his body.

Later, despite the protests of cooler heads, who claimed that the guilt of the white man had not been established, another crowd, composed largely of negroes, entered the jail, overcame the resistance of the few that tried to protect O'Grady, took him out and hanged him also.

The three other prisoners, whom Cotton charged with having committed the Blick murder and robbery, were discharged by the judge and left town. At last accounts the town had resumed its wonted quiet.

Gov. Tyler's Statement.

Governor Tyler said this evening:

"I feel that I have done all I can in the matter. The civil authorities stated that they could handle the mob without military assistance, and when the sheriff ordered Major Cutchins to depart, there was nothing left for him to do but go.

"I am greatly distressed at the result, but I could not keep the soldiers there without declaring martial law, and I did not feel that the prevailing conditions warranted that.

"The law in reference to such matters will, I presume, be carried out. The men who took part in the lynching will, or should be, arrested and dealt with accordingly.

"As Governor and as a citizen, I deeply deplore this flagrant outrage upon law and order. Nothing was left for me to do but what was done. I exercised my prerogative to the fullest extent. The trouble seems to have been with the authorities at Emporia. We were given to understand that protection would be given the prisoners. The result shows that this confidence was abused."

THE GOEBEL ASSASSINATION.

Testimony of Golden at the Preliminary Trial of Secretary of State Caleb Powers.

By Telegraph to the Morning Star.

FRANKFORT, KY., March 24.—"John Powers told me they had two negroes here to kill Goebel. They were Hocker Smith and Dick Combs."

This statement was made to day by F. Wharton Golden, a frail, consumptive looking Kentucky mountaineer, while on the witness stand in the preliminary examination of Secretary of State Caleb Powers, charged with conspiracy to kill Goebel.

Golden told the story of the events leading up to the murder, that, if substantiated, will in the minds of those connected with the prosecution, at least, probably go far towards proving the contentions of the commonwealth that the murder was the result of a plan in which several prominent men were involved. Whether the defence will seek to impeach Golden's testimony in this preliminary examination is not known, as the attorneys for the defence will not talk on the subject; but unless such attempt is made the commonwealth will rest its case, both county attorney Polsgrove and attorney Campbell being satisfied that enough evidence has been presented to hold the defendant on the charges.

Golden, who claims to have been a friend to Secretary Powers and his brother, John Powers, for years, gave testimony that was particularly damaging to John Powers, but he also brought in the names of many others, including Charles Finley, W. H. Culton and Governor Taylor in the story of the bringing of the mountaineers to Frankfort previous to the assassination.

Governor Taylor, however, was not directly implicated and the attorneys for the commonwealth intimated to-day that they do not expect to have his name brought forth prominently in the story of the alleged conspiracy.

Golden was not cross examined to-day and an adjournment was taken at an early hour this afternoon on account of his physical condition, the witness having a slight hemorrhage during the morning, becoming so weak under the strain of the examination in the afternoon that he begged to be allowed a respite.

Golden's testimony tended to show that a plan was made to bring several hundred "regular mountain feudists" to Frankfort, who would, if necessary, as Golden expressed it, "go in the legislative hall and kill off enough Democrats to make it our way."

The testimony did not show that the alleged plot to kill Goebel was part of the original plan, nor did it contain the names of those who conceived that idea; but the Commonwealth sought to show by Golden's conversations with various people that not only John and Caleb Powers, but others as well, had full knowledge of the alleged plan of assassination.

BOERS PREPARING FOR THE CAMPAIGN

The Transvaalers Said to Be Determined to Fight to the Bitter End.

CONCENTRATING AT PRETORIA

Not Expected to Make a Stand at Johannesburg—Skirmishing Continues—No Important Fighting Yet—Advices from Roberts.

By Cable to the Morning Star.

LADYSMITH, March 24.—The scouts frequently engage the Boers beyond Meran, under the Biggarsberg, but no important fighting has taken place.

The Free Staters continue to enter our lines, surrendering under the proclamation issued by Lord Rosebury. They say that the Transvaalers are determined to fight to the bitter end.

The majority of those who have hitherto taken part in the fighting have been Free Staters. The Transvaalers have been held in reserve. The Boers are preparing for another campaign and will occupy a strongly fortified position in the Transvaal, necessitating heavy fighting before they can be driven out. The Boers are not expected to make a stand at Johannesburg, but to concentrate at Pretoria.

Advices from Roberts.

LONDON, March 24.—Lord Roberts telegraphs to the War Office from Bloemfontein, under date of March 23rd, evening, as follows:

"There is no special news to report. The country south of this place is generally settling down. Numbers of arms have been delivered up and the people are beginning to recognize the advantage of bringing in supplies for sale. The movement of the troops in the western district is being attended with good results."

A dispatch from Maseru, Basutoland, under yesterday's date, seems to dispose of the story that General French was fighting yesterday, but it indicates that a battle is imminent.

LADYSMITH March 24.—Lord Roberts' proclamation is causing much dissatisfaction among the loyal farmer Dutch in this neighborhood, as it is taken to mean that he has morally pledged himself to preserve the life and property of the rebels who lay down their arms and return to their homes.

CAPE TOWN, March 24.—The transport Milwaukee with Canadian troops aboard has arrived here.

LONDON, March 24.—A special dispatch from Bloemfontein, dated March 24th, says:

"Rudyard Kipling has arrived here. The Boers are reported retiring from Kronstadt, after having blown up a bridge."

GEN. JOE WHEELER.

Placed on Waiting Orders by the War Department.

By Telegraph to the Morning Star.

WASHINGTON, March 24.—After several conferences to-day between General Wheeler and officers of the administration, it was announced that the War Department had temporarily disposed of his case by placing him on waiting orders. This action retains General Wheeler in the service of the United States until opportunity is had to determine whether he shall be given an active command, made the subject of a special retirement act, or mustered out of the military service. It is stated that he would not be obliged to retire under the rules of the regular establishment until next Fall, so there is still opportunity for the general to see active service again if he so desires.

MARINE HOSPITAL SERVICE.

Charged With Responsibility for the Fever Epidemic at Key West.

By Telegraph to the Morning Star.

JACKSONVILLE, FLA., March 24.—At the annual meeting to-day of the Florida State Board of Health the causes of the introduction into Florida last Summer of yellow fever at Key West and Miami were discussed. Ample evidence was submitted to shew that the epidemic was due to the negligence of the United States Marine Hospital Service in the disinfection of baggage at Havana and inspection at Neuvitas. The Board, therefore, decided that in future the certificates of inspection of the Marine Hospital Service will be entirely ignored and that at every Florida port of entry the State will establish its own system of inspection and quarantine, and will refuse to honor the doings of the National Board.

TO FIGHT JULY FOURTH.

Match Arranged Between Bob Fitzsimmons and Kid McCoy.

By Telegraph to the Morning Star.

NEW YORK, March 24.—Bob Fitzsimmons and Kid McCoy were matched to-day to fight on July 4th, twenty-five rounds at catch weights. Both men posted $2,500 forfeit, with the understanding that they are to double this sum when articles are signed with the club which gets the match.

The club has not yet been decided upon but April 6th has been set as the time for receiving bids.

Is It Satisfactory?

That's the question that goes with every purchase here. If it's not satisfactory, bring it back today—to-morrow—next week—and get your money. It is this absolute assurance of fair dealing that retains our trade. Our customers know that "money back" is not a cry as up to deceive the unwary into buying, followed by all sorts of undue excuses and quibblings to avoid returning money on dissatisfying purchases. One of our maxims reads: "For you to remain dissatisfied is to make us more dissatisfied." It isn't to-day's trade we're depending on—it's to-morrow's—next week's—next month's—next year's! We want you to be so well pleased with your treatment here and with what you buy here, that you'll come again and again. And we will remark right now that our efforts to please have been so uniformly successful that calls for "money back" are rarely made. But it's here just the same, for any and all demands that may be made for purchases returned as undesirable.
